NOTE GOES TO BERLIN

Wilson Informs Congress of Action.

ASKS PROMPT ANSWER

President Insists Submarine Attacks Must Cease.

Washington, April 20.—President Wilson's long expected final warning to Germany that the United States will break off diplomatic relations unless she abandons her present methods of submarine warfare, and immediately declares her intention to do so, was delivered in a note to Berlin and was announced by the president in an address to a joint session of congress.

The president demands nothing less than the abandonment of submarine warfare against commerce.

Both the president's address and the American note declare in unequivocal terms that only by Germany acceding to the demands can the breaking off of relations altogether be prevented.

The president considers that the next step depends solely upon Germany and that three or four days can constitute a reasonable time for a reply. He is willing to discuss how submarine warfare may be conducted within the limits of international law and humanity after Germany abandons her present methods.

Note May Lead to War.

Congress received the president's declaration of his course with mixed evidences of concern and approbation. Most of the leaders, Democratic and Republican, thought the president hardly could do less and some expressed the opinion that his action would lead to war.

Republican Leader Mann, alone of all the opposition leaders, openly attacked the president for his stand. He characterized it as a political play.

President Wilson's words leave no opportunity for double meaning. In his address to congress he said:

"I have deemed it my duty to say to the imperial German government that if it is still its purpose to prosecute relentless and indiscriminate warfare, the government of the United States is at least forced to the conclusion that there is but one course it can pursue, and that unless the imperial German government should now, immediately, declare and effect an abandonment of its present methods of warfare against passenger and freight carrying vessels, this government can have no choice but to sever diplomatic relations altogether."

The note to Berlin declares:

Has Been Very Patient.

"The government of the United States has been very patient. It has accepted the successive explanations and assurances of the imperial German government as, of course, given in entire sincerity and good faith and has hoped, even against hope, that it would prove to be possible for the imperial government so to order and control the acts of its naval commanders as to square its policy with the recognized principles of humanity as embodied in the law of nations."

"It has made every allowance for unprecedented conditions and has been willing to wait until the facts became unmistakable and were susceptible of only one interpretation."

"It now owes it to a just regard for its own rights to say to the imperial government that that time has come."

"It has become painfully evident to it that the position which it took at the very outset is inevitable, namely, the use of submarines for the destruction of an enemy's commerce is of necessity, because of the very character of the vessels employed and the very methods of attack which their employment, of course, involves, utterly incompatible with the principles of humanity, the long established and incontrovertible rights of neutrals and the sacred immunities of noncombatants."

Copies Given Neutrals.

Copies of the American note were sent to representatives here of neutral nations, on the assumption that they are as much interested as the United States in the protection of neutral rights. The document was not given to any of the belligerent diplomats as the recent controversy is regarded as being solely between the United States and Germany.

Count von Bernstorff already has reiterated to Secretary Lansing that under no circumstances will Germany give up the submarine as a weapon of

warfare, because, she contends it is a retaliation for Great Britain's food blockade.

The ambassador has declared, however, that his government will attempt to bring submarine operations within the law of nations. This, the United States is willing to discuss, after Germany has abandoned her present methods—not before.

WORLD'S GREATEST BATTLE SECOND TO WILSON'S SPEECH

(By United Press)

Paris, April 20.—The world's greatest battle raging at Verdun suddenly took second place in public interest when the text of President Wilson's speech before the joint session of congress in regard to German submarine warfare arrived. Officials here refuse to comment on the same.

RUSSIAN TROOPS LAND JOIN VERDUN FIGHTING

(By United Press)

Paris, April 20.—Russian troops have been landed at Marseilles to join the allies against the Germans on the continent, not previously reported, and it is likely that they will join the fighting at Verdun or at some point where the allies plan an offensive. It is believed this is the result of the recent Paris conference.

CABINET CRISIS AVERTED

(By United Press)

London, April 20.—An official report says that the crisis in the British cabinet has been averted, all differences having been settled. It is reported that general conscription has been postponed two months and that the voluntary system will be given one more chance.

FRENCH TAKE GERMAN WORKS

Paris, April 20.—An official telegram states that the French captured the well fortified German works in a sudden attack near Vaux last night, 200 prisoners being taken.

COOK BUYS MONTANA RANCH

Invests \$150,000 in 1,500 Acres in Broadwater County.

Helena, Mont., April 20.—A. B. Cook, whose herd of Hereford stock is recognized as one of the finest in the United States, has closed a deal for the purchase of the Nick Rovig ranch of 1,500 acres, near Bedford in Broadwater county, where Mr. Cook already has large ranch holdings. The purchase price, said to be \$150,000, includes all the sheep, cattle and horses.

For several years Mr. Cook has been enlarging his ranch property in Broadwater county until he is one of the largest individual owners of land in that county, if not in the state. His specialty is Belgian horses and Hereford cattle.

Strong Possibility of War With Germany

(By United Press)

London, April 20.—Well informed persons do not believe Germany will yield, and it is the opinion in diplomatic circles that a break is certain and war a strong possibility. This view is based on the statement that Germany emphasized the statement that submarines were the most effective weapon in fighting England and it is thought that the concession of this most important point is impossible.

Choice of Break or Change Method

(By United Press)

Washington, April 20.—With the choice of a break with the United States or a change in the method of handling the submarine warfare resting squarely with Germany, Ambassador Von Bernstorff sought an interview with Secretary Lansing on Tuesday on the matter but was informed that the subject of submarines would not be discussed with him.

Insert the Word to Give Emphasis

(By United Press)

Washington, April 20.—Officials state that the insertion of the word "altogether" in President Wilson's threat in the severance of relations merely gives emphasis. The extent of the severance of relations is not commented on.

Will not Discuss Wilson's Action

(By United Press)

Washington, April 20.—Senate Leader Kern says congress is not inclined to discuss or debate President Wilson's action in the German affair, but are disposed to leave him unembarrassed.

Discuss Submarine Possibility Break

(By United Press)

Washington, April 20.—Ambassador Von Bernstorff and Secretary Lansing this morning discussed the submarine affair and the possibility of a break of diplomatic relations with Germany. Von Bernstorff obtained the views of the United States as to what Germany must do to conform to the demands and expressed his hopefulness of a settlement.

Note Reached Germany at 11 O'clock Today

(By United Press)

Berlin, April 20.—President Wilson's note reached the American embassy at 11 this morning and will be delivered this afternoon. The earlier and more confidential message reached Ambassador Gerard before that time.

Marines are Rushed to Wireless Station

(By United Press)

Washington, April 20.—Although the reasons were not stated it is officially admitted that marines have been rushed to the big German owned wireless stations at Tuckerton and Sayville. It is presumed that this was done to protect the stations from an anti-German demonstration and permit the seizure in case of a break with Germany.

Dan Lawler Files For U. S. Senate

(By United Press)

St. Paul, April 20.—Dan Lawler has filed as a candidate for the democratic nomination for United States senator, which is in confirmation of earlier reports.

GERMAN SITUATION

Marines ordered to Germany's wireless station at Sayville. London does not believe Germany will give concession asked. Congress will not embarrass President Wilson in his stand. German note reaches American embassy at Berlin at 11 today.

SAYS WILSON BOTHERED GERMANY FOR EXPLANATION

(By United Press)

Berlin, April 20.—Before the receipt of President Wilson's note the newspapers were guarded in their comments on the issue at stake. The Frankfurt Zeitung pointedly answers the Cologne Volkszeitung saying that President Wilson bothered Germany for an explanation of the submarining when the English vessel was sunk, and said when American lives were lost there was nothing else for America to do.

GERMAN TROOPS CAPTURE QUARRY

Storm French Position at Point of the Bayonet.

DEFENDERS SUFFER HEAVILY

Severe Engagement Occurs Northeast of Verdun—West of the Meuse the Teutons Enter French Trenches After Three Attempts, but Are Later Driven Out.

London, April 20.—The Germans near Haudremont, northeast of Verdun, in a bayonet attack, in which heavy casualties were inflicted on the French, have captured a stone quarry around which they gained a footing Monday.

There has been considerable artillery activity west of the Meuse on Hill 304 and the French first lines between Dead Man Hill and Cumieres. At Les Eparges the Germans, after three attacks, entered French trenches on a front of about 200 yards, but were immediately expelled from them, suffering serious losses.

Artillery duels are still in progress on the Russian front, but there has been no important changes in positions. A Russian attack against Austrian positions on the Upper Sereth river in Galicia was repulsed.

The Italians have captured Monte Fume pass, from the Austrians, and taken the extreme western peak of Monte Ancon, where the Austrian trenches were shattered with heavy casualties to their occupants.

Still another defeat of the Turks in the region of Erzerum is recorded by the Russians. Near Aschikala the Russians in a night attack captured strongly organized hills and inflicted severe casualties on the Turks, who left hundreds of dead on the field of battle.

VIERECK IN BITTER ATTACK ON WILSON

St. Paul, April 20.—A virulent attack on President Wilson was made by George Sylvester Viereck, editor of the Fatherland, a newspaper established at the beginning of the European war to present the German side of the war to Americans, in a 1,000-word pre-paid message sent to the Pioneer Press. Mr. Viereck said, in part:

"Mr. Wilson's speech before congress confirms the worst suspicions of those who are convinced he acts in accordance with a secret understanding existing between himself and Great Britain."

"His ultimatum to Germany has saved the tottering Asquith cabinet."

"Woodrow Wilson wants war. He is determined to have war at any price, no matter what concessions Germany may be prepared to make."

"The president summoned the two houses of congress in such unseemly haste because he knows that if public opinion has time to crystallize there will be no war."

"Mr. Wilson conceals the fact that trickery of the administration alone has prevented settlement of the Lusitania controversy."

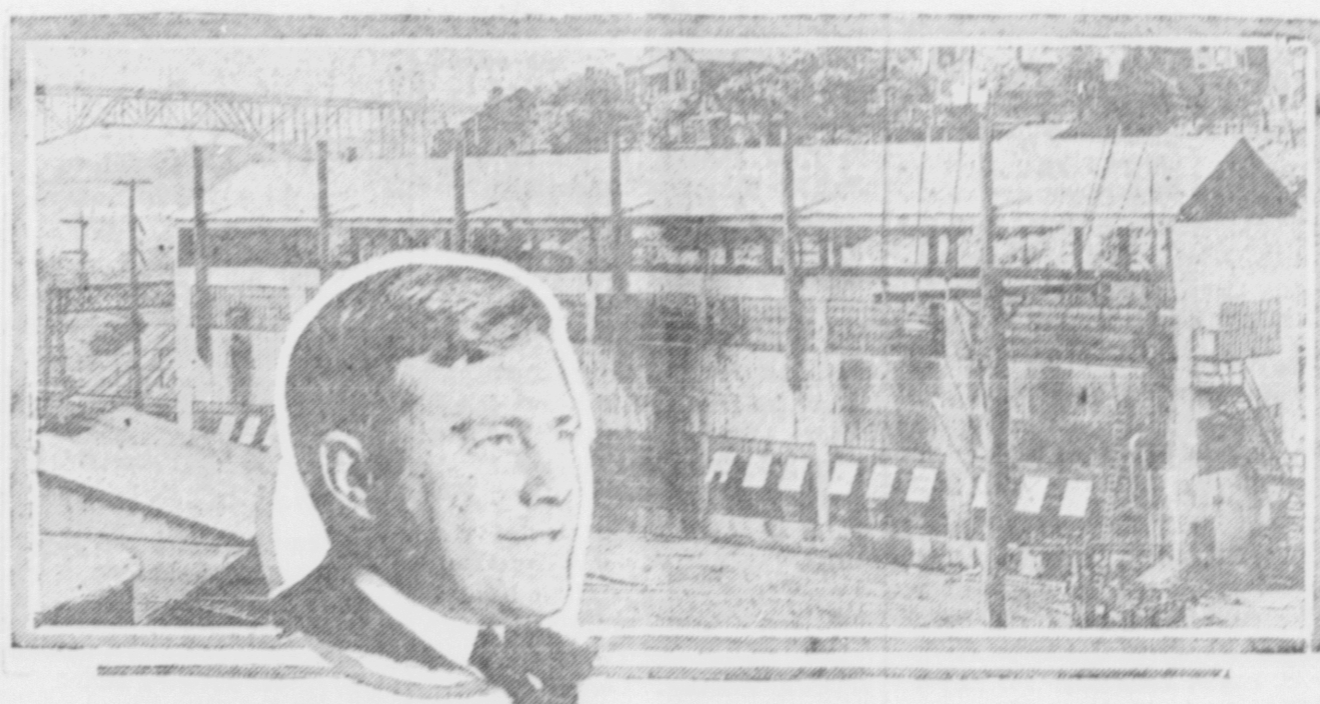

WATTERSON WRITES IN HIS TYPICAL STYLE.

Louisville, April 20.—Under the caption, "The Hour Has Struck," Mr. Watterson says in the Courier-Journal: "At length double dealing can go no further. That patience which long ago wore to a frazzle with the mass and a body of patriotic Americans the government of Berlin has exhausted with the government of the United States. We have come to a parting of the ways. How stands the account with these foolish and short sighted hyphenates among us whose loyalty to Berlin has quite blinded them to Washington? Are they ready for the camps of internment or will they prefer to cross the seas again and join the colors of the Hohenzollern and the Hapsburg? To hell with them."

Press Supports President.

Washington, April 20.—That President Wilson is right in declaring that there is only one course which the United States can pursue in the U-boat crisis with Germany, is the consensus of opinion of the leading papers of America, expressed editorially. The general opinion is that Germany's actions have not squared with the pledges it has made this country.

R. D. King, agent for the "Aero-

on a boat and Tuesday carried two
passengers, Prof. Wm. P. Bartsch
and Clarence A. Olson. The "Aero-
thrust" is just like the business end
of an airship. The one Mr. King
has develops 3 horsepower at 1,800
revolutions a minute and attains a
still higher speed at 2,200 revolu-
tions a minute. There are 32 inch
propeller blades. The current in
the river runs over four miles an
hour at the point where the boat
was launched. Getting up speed Mr.
King drove the boat by "Aerothrust"
against the stream faster than a man
can walk. It is desirable to have a
rudder on the machine. In winter
it can be attached to the stern of a
sled or ice boat and fast time can be
made. All present at the trial were
convinced of the claims made by the
machine.

**When you buy a Stude-
baker, you SAVE from
\$250 to \$400**

This \$250 to \$400 represents the difference between the price of
a Studebaker and the price of any other car that equals it in
value.

The reasons for this difference are immaterial to you as a buyer.
What you WANT is the car that gives the most for its price.
And when you find, as you will, that cars with the same power,
size and quality that the SERIES 17 Studebaker offer cost hun-
dreds of dollars more, make the salesman tell you WHY.

If a car gives no more, there's no reason at all for paying a high-
er price, is there? Just see these SERIES Studebakers. Make
your own comparisons with other cars—then ask the other sales-
men why THEY want from \$250 to \$400 more than the Stude-
baker prices? Thirty minutes spent in making such comparisons
will save you several hundred dollars.

WOMAN'S REALM

Have Front Seats at Woman's Convention

(By United Press)

Chicago, April 20.—When thirty thousand women from the United States and other nations meet in New York from May 22 to June 2 for the twenty-first biennial meeting of General Federation of Women's clubs, the question, "Do Illinois Ladies Hear?" will by no means have the same significance as it did two years ago in Chicago when Illinois ladies were hostesses and sat high up in the gallery of the auditorium—almost beyond ear shot of the speakers.

This year the three hundred delegates from Illinois and the delegates from Texas are to be given front seats in the Seventh Regiment Armory, Park Avenue, New York. Illinois is so honored because her delegates took back position two years ago and because Mrs. Frances D. Everett, who has arranged the program, is an Illinois woman. Texas is given right of way because Mrs. Percy V. Pennybacker, Texas, is general federation president. Not only this, but the delegations from Texas and Illinois will make their headquarters at the Hotel Astor, also the convention's headquarters.

Illinois will announce at the New York confederation that her members have given nearly a tenth of the \$100,000 Sarah Platt Decker memorial fund started four years ago. This sum is nearly three thousand dollars more than Illinois was expected to give.

The Illinois delegation, three hun-

dred strong, will leave Chicago for New York in a special train over the Michigan Central railroad. The train will leave Chicago Sunday afternoon, May 21.

Passion Week Services

Thursday and Friday evening at 7:45 o'clock in the Brainerd Methodist church, there will be held public preaching services in keeping with Passion Week as a preparation for the Eastertide.

The pastor, Rev. F. W. Hill, will preach Thursday evening on "Christ Before Pilate." The events transpiring between Palm Sunday and the Crucifixion will be taken up consecutively.

Friday evening the pastor will preach on the subject "Watchers of the Cross." The services will be in the auditorium of the church and not only the members but also friends are invited to be present.

Easter Sunday morning there will be a special Easter sermon on the subject "The Resurrection Dawn." There will be special Easter music. Bible School will be held at 12:00 o'clock and Epworth League at 6:45. At 7:45 o'clock in place of the regular preaching service, an Easter Entertainment will be put on by the Sunday school, consisting of Easter carols and recitations and closing with the beautiful sacred Easter cantata, "The Birthday of Hope," by some thirty young people of the Sabbath school. Everyone is cordially invited.

First Baptist Aid

The Ladies Aid of the First Baptist church, was very pleasantly entertained Wednesday afternoon by Mesdames L. A. Noggle and A. K. Lukens at the home of the latter.

POOR QUALITY IS NEVER CHEAP

- Value is proven by time—not the price you pay.
- And that axiom applies to practically every article of merchandise.
- It is economy to seek standards of quality—and for this reason many advertised brands of goods have large sales.
- The quality back of the brand names must be sustained.
- The names are an asset that means business good-will—an asset built on character and fairness of price.
- Study the advertising in the Brainerd Daily Dispatch and note where good quality and fair prices go hand in hand.

Sell Jeweled Volumes of Danial Millers

New York, April 20.—A remarkable collection of jeweled bindings and editions de luxe, owned by the late Daniel S. Miller, a retired capitalist and a brother-in-law of the late Jay Gould, will be sold today at the Hotel Savoy.

In a dark cabinet in the Miller apartment was found an ornate copy of Williamson's "The History of Portrait Miniatures," in two volumes. Inserted in each of the covers are seventeen miniatures, making sixty-eight of those beautiful works of art used in embellishment of the history. All are from the brush of Miss Currie, the noted English miniaturist.

Among other books in the library are Walter Pater's "The Renaissance," set with miniatures and with a portrait of "Mona Lisa" on the cover, and an "Inquiry into the Portraits of Shakespeare," which is adorned with numerous likenesses of him.

The collection is rich in beautiful jeweled bindings by such artists as Sangorski, Riviere, Tranz-Baugnot, Pagnant and Adams. It contains illuminated manuscripts of John Keat's "Ode to Psyche," and Tennyson's "The Lady of Shalott." The "Rubaiyat of Omar Khayyam" is in an exquisite cover of rich velvet on which in amethysts are the purple grapes of which the Persian tenmaker sang.

Fisler-McIntyre

This afternoon at one o'clock occurred a very pretty wedding at the Methodist parsonage at which time Charles L. Fisler of Riverton, and Valeria M. McIntyre of Brainerd, were united in the holy bonds of matrimony. Rev. F. W. Hill, pastor of the Methodist church, officiating.

The groom is the son of Alexander Fisler of Minneapolis, and the grandson of a Civil War veteran, Rev. E. E. Thoms of St. Cloud. He himself is a Spanish-American war soldier, having been honorably discharged after serving two years.

The bride is the daughter of Mr. and Mrs. F. J. Stropp of Brainerd. The bride wore a gray traveling suit. The beautiful Methodist Episcopal ring service was used and the vows were taken before a bridal altar constructed for the occasion.

After a short wedding trip the young couple will be at home to their many friends after May 1st at Riverton. Hearty congratulations follow this young couple as they started out on their wedded life.

BRITISH CABINET CRISIS

More Hopeful Feeling Prevails in Parliamentary Circles.

London, April 20.—After the ministerial conferences a more hopeful feeling that the breakup of the government will be avoided prevailed in the parliamentary lobbies.

It was based on nothing tangible, however, and the general opinion among the public, owing to the unexpected grave nature of Premier Asquith's statement in the house of commons, is that the life of the ministry hangs by a thread.

David Lloyd-George, minister of munitions, controls the situation.

He submitted to the cabinet a proposal for a universal conscription bill to be put in operation only if 50,000 men a month are not forthcoming under the voluntary system of recruiting.

BRAND FILING IS POPULAR

300 Presented for the Approval of South Dakota Commission.

Pleere, S. D., April 20.—That the breaking up of the large herds has not in any way limited brand filings, but has in fact increased them, is shown by the work of the state brand commission at the session just ended. The commission passed upon 300 different brands, the largest number ever brought at one meeting. The owners of even a few head of cattle feel they are safer if their stock carries an identification mark.

Blue Ribbon Steel Cut Coffee

is a delicious, mild drink that has that rich brown color you don't get in most of coffees. It is an excellent blend of the best South American coffee obtainable, and is packed only in tin foil packages. If we were to pack this coffee in cans, we would not be able to give you the following beautiful articles, as the cans in most of the coffees, cost from 4c to 6c per pound, and they are worthless as they are thrown away as soon as the coffee is consumed.

Be sure to save the wrappers from Blue Ribbon Coffee and Blue Ribbon Uncolored Japan Tea, as they are valuable in getting the following articles:

- Ten empty bags and 80c—Porcelain Rice Boiler
- Ten empty bags and 70c—Porcelain Pail
- Ten empty bags and 70c—Porcelain Dish Pan
- Ten empty bags and 40c—Porcelain Mixing Bowl

STATE GEOGRAPHICAL NAMES AND THEIR HISTORICAL SIGNIFICANCE

(Prepared by the Minnesota Historical Society for the United Press)

Cook County
That part of Minnesota which usually appears as a detached portion of the state maps, because of its extreme northeast position, was organized as a separate county in 1874. Senator Graves of Duluth, who introduced the bill, proposed the name Verendrye, in honor of the pioneer explorer along the northern boundary of the state. The legislature, however, preferred to confer the honor on Mitchell Cook, a pioneer settler in Faribault, territorial and state senator.

Will Test Seeds

Washington, April 20.—To make sure he is not deceiving his constituents, and that he is not being deceived by the Agricultural Department, as well as to experiment in the production of first class vegetable seed, Congressman Jesse S. Davenport of Oklahoma today donned a pair of blue overalls and hid away across the river from Washington to cultivate a seven-acre farm and practice on the government's seed crop.

Associated with him in cultivation of the festive soy bean and the gambling cow pea is J. S. Coffman, an old time employee of the government printing office, who owns the farm.

Possessed of the idea that those numerous packages of seeds which the government sends out at the request of "your Congressman" maybe grow turnips instead of Early Spring radishes, cauliflower instead of frost proof cabbages, and spinach instead of Golden Head lettuce, Congressman Davenport has started this practical test within the shadows of the capitol.

It might be that they are good vote-getters and again, a constituent expecting to raise a crop of rutabagas surely would be irritated to find parsnips instead.

MEDINA BANK CASE ENDED

Receiver Is Found to Have No Cause of Action.

Fargo, N. D., April 20.—Judge C. A. Pollock ordered dismissal of the action launched by the receiver of the Medina State bank against Governor L. B. Hanna, E. J. Weiser of Fargo and the First National bank of Fargo. Judge Pollock's dismissal on a demurrer to the complaint was on the finding that the plaintiff failed to state any cause for action. Its demand for \$50,000 for paper which it asserted was removed from the bank just before it was closed was held unjustified. The court holds that on his own pleadings the bank receiver has no cause for action. Certain contracts mentioned in the complaint were referred to as wholly void, because it was beyond the authority of the bank to make such contracts.

Western League Diamonds All Set

(By United Press)

Des Moines, Ia., April 20.—The Western league's cluster of brown diamonds were all set and sparkling as the 1916 pennant race was begun before big crowds eager to see the old heads and the recruits do battle in Western league cities today.

Frank C. Zehrung, the Lincoln theatrical man, who succeeds "Tip" O'Neill as head of the league, has renovated the umpiring staff and the handlers of the indicators are nearly all new men. Zehrung promises discipline for the players, snappy games for spectators and cleaner ball generally.

Nearly all the teams are stronger than last season. Topeka and Wichita, which made a poor showing in 1915, have been strengthened. The games today are being played as follows: Denver vs Wichita at Denver. St. Joe vs Topeka at St. Joe. Des Moines vs Omaha at Des Moines. Lincoln vs Sioux City at Lincoln.

"Rebel" Oakes, new manager for Denver, who formerly played with the Pittsburgh Feds promises winning ball. R. J. Lattimore, new head of the Topeka aggregation, greatly has strengthened the team. Tom Fairweather, secretary of the Des Moines team will not see so much ball as usual this year, as he has been elected a councilman of Des Moines.

Germany Will Seek Stupendous Loan

BY WILBUR S. FORREST
(United Press Staff Correspondent)

London, April 1 (By Mail).—Juggling stupendous figures to show that Germany is in desperate financial straits, Edmond Crammond, well-known British statistician, declared here today that the kaiser will seek a gigantic foreign loan at the conclusion of peace.

"This means, in effect," said Crammond, "that Germany will repudiate her internal war debt. Germany's expenditures to date amount to about \$9,595,000,000, while her estimated national wealth in 1913 was about \$75,000,000,000. Germany's investments abroad amount to \$5,800,000,000 of which about \$750,000,000 have been sold in the United States and the remainder are unrealizable. Germany's colonies are gone; her shipping industry is ruined. I do not believe Germany is living and fighting solely on what she is producing. She is living on the fat she accumulated during the last forty years. The decline in the exchange value of the mark and the failures which are taking place among the large banks, despite frantic efforts of the government to keep the financial machine going, point to the approach of the greatest financial debacle the world has ever seen."

Turning to the British financial problem, Crammond asserted that a tariff for revenue purposes here is absolutely essential for the "preservation of the balance of our economic system."

He points to Britain's outlay, to date—\$5,920,000,000 including the gross expenditure and the loans to Dominions, allies and repayments to the Bank of England, declaring:

"We overcame the financial difficulties of the first eighteen months of war with astounding ease, but the outlook for the coming financial year gives cause for anxiety."

Figuring in the newly established Excess Profits Tax which he estimates will bring in about \$500,000,000, Crammond says that if the national income for the coming year should only reach a sum as estimated for the year ending March 1916,

the government's financial deficiency at the end of March, 1917, will be about \$4,650,000,000, "which makes a tariff for revenue imperative."

If the war lasts until March 31, 1917, the statistician estimates that the expenditures of the various allied powers approximately will be:

Belgium \$ 2,500,000,000

France 12,500,000,000

Great Britain 13,000,000,000

Italy 2,500,000,000

Russia 12,000,000,000

Servia & Montenegro 500,000,000

Total \$43,000,000,000

As a measure of exacting a penalty on Germany for these expenditures, Crammond suggest that the allies should pool their indemnities and present them in a lump to Germany, also, that each allied power should undertake to impose:

"A war debt on all German and Austrian manufacturers;

"A war debt export duty on all exports of raw materials to Germanic empires."

"In addition," says Crammond, "the maritime powers should impose supplementary war debt dues on all German and Austrian shipping entering their ports in all parts of the world. The proceeds from these duties should be paid over by the allied powers to the war debt commission."

Four Year Term Before the Courts

St. Paul, Minn., April 20.—Whether county officers can legally hold offices for four years in Minnesota was argued before the state supreme court today.

The matter brought into court on the petition of J. J. Abel who attempted to file as a candidate for clerk of the district court of Wright county.

J. A. Berg, county auditor, refused to accept the affidavit his defense being that there would be no vacancy in this county office until 1918. The clerks of court in 34 counties will be affected by the decision of the court when the case is decided.

Abel contends that the term of the present clerk of court who was elected in 1912 for four years expires Jan. 1 next. The legislature of 1915 had amended the law so that officers would serve until 1918, thereby extending the terms of the present incumbents an additional year. Abel contends that this extension is unconstitutional.

CHAMBER FAVORS ARBITRATION

Special Meeting of the Chamber of Commerce Discusses Impending Railway Situation

TIE UP SPELLS DISASTER

If Not Amicably Adjusted, Plea Made that Differences be Adjusted by Arbitration

In special meeting assembled Wednesday evening, the Chamber of Commerce, with a fairly large attendance in spite of the heavy rain, unanimously adopted resolutions urging arbitration if all other measures failed to settle the differences between railway employees and the railways. They follow in full as adopted:

Resolution Regarding Arbitration Between Railroads and Their Employees

Whereas it has come to the attention of the Chamber of Commerce of Brainerd, Minn., that grave differences are impending between the railroads and certain of their employees, which if not adjusted may result in serious interruption to transportation, and cause the public of the Northwest to suffer great loss and inconvenience, and disastrous effects would fall upon all lines of business, in the event of interruption of railroad service; therefore be it

Resolved that the Brainerd Chamber of Commerce, in the interest of the public convenience and welfare of the entire Northwest, does urge that both parties to the controversy adjust their difficulties without recourse to extreme measures that would suspend public service. And be it

Resolved that if an amicable adjustment of the controversy cannot be otherwise arrived at, we earnestly commend and urge arbitration as a fair and proper method of reaching a satisfactory solution of the problem. And be it further

Resolved, that the secretary of the Brainerd Chamber of Commerce be, and he is hereby directed, to communicate this resolution to the local papers, the Chamber of Commerce of the United States of America, and also to the commercial bodies of the surrounding country, with the request that they take similar action and aid in the developing of public interest in the matter. Signed,

R. R. WISE,
R. B. WORTHINGTON,
C. E. HANSING,

AITKIN PLAYS LOCAL MAY 7

Game Will Inaugurate the Baseball Season in Brainerd, Baseball Dope From Aitkin

"DOPEY" TALBOT ON MOUND

Herb Poston of Aitkin, Returned to Duluth Where he Will Pitch for White Sox

Brainerd's first game of the season is set for Sunday, May 7, and Aitkin will be the visiting nine. The Aitkin Independent Age makes this mention of the Aitkin team:

The baseball season will open in this locality on Sunday, May 7, on which date the Aitkin team will journey to Brainerd for the first game of the season.

There has been considerable talk during the past few months of a league being formed comprising the towns of Aitkin, Brainerd, Little Falls, Staples, Bemidji, St. Cloud and Verndale, and the proposition was favorably considered by all the towns excepting Little Falls and St. Cloud, who thought the towns named were too widely scattered to make the league a paying proposition. The project has probably been put to sleep for this season at least.

"Dopey" Talbot has accepted an offer made by the local management for his services during the season and will arrive within a week or ten days to begin his duties as twirler. "Dopey" has a good reputation in this territory as a heavier and his presence on the team again this year will be a good drawing card.

Practice will be commenced as soon as the weather permits and the grounds are dry, and it is the request of the management that all of last year's ball players and those who would try for positions on the team, report at the opening practice which date will be announced in this paper in the near future.

Herb Poston returned from Chattanooga Thursday afternoon, where he went early in March to try out with the Southern League baseball team of that city.

Herb was returned to Duluth for more seasoning, not released, the management of the Chattanooga team holding strings on Poston whereby they may call him for service at any time, and that may be this summer or not until next spring. Nevertheless the speed boy stands high in the opinion of the Southern League ball players as a pitcher, having worked successfully against the Philadelphia Athletics for three innings in which he allowed but one hit, and he also worked well against several other major league teams.

While in training Poston developed a sore arm and that is probably one of the main reasons why he was returned to Duluth where he will pitch for the White Sox, and if given any kind of support, his many admirers look for him to burn up the old Northern League, for he possesses the arm, speed and curves to do it with.

Crosby Crucible—Twenty-two ardent Crosby baseball fans gathered at the Crosby Commercial club rooms on Thursday night and selected W. G. Young, Louis Bauer and Herman Lefko as members of a board of directors. Bruno Almqvist, as secretary and treasurer, and P. N. Haughtelin, as manager of a baseball association. The possibilities for a good team, and for getting suitable grounds were discussed informally. An all-home team, good, bad or indifferent, is favored by a number of the fans. However, the prospects are that a good team can be organized along these lines, as there is some first class "timber" in the village.

\$300 was paid for the land which is believed to be the highest price ever paid for real estate west of the river.

BRAINERD'S ODDEST STORY TODAY

The role of the Good Samaritan is a hard one, for often he gets into difficulties himself. Wm. Turcotte, chauffeur of the motor truck which stripped its gears at Borden lake two days ago, eventually got the machine repaired and started for home.

A short distance from Borden he encountered another fishing party. That party had fished on trouble on the roads and traveled in an auto and carried reinforcements in the shape of a motor truck following. They stuck in the mud and were kicking very fluently.

Then Turcotte did the Good Samaritan act to pull Car No. 1 out of the ditch and he stuck too, which made three tied up and the current of traffic ceased to flow and the cuss words made a kind of a hazy, blue smoke, looking and sounding like some kind of an eruption or upheaval.

TO BUILD UP AFTER GRIP, COLDS, BAD BLOOD

Take a blood cleanser and alterative that starts the liver and stomach into vigorous action, called Dr. Pierce's Golden Medical Discovery because of one of its principal ingredients—the Golden Seal plant. It assists the body to manufacture rich, red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the eliminative organs, and in a few days you will know that the bad blood is passing out, and new, rich, pure blood is filling your arteries and veins.

All medicine dealers can supply you, in either liquid or tablet form, or send 10 cents for trial box of tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. Write for free booklet on blood or for free medical advice.

PRESIDENT SENDS BERLIN ULTIMATUM

Washington, April 20.—President Wilson told congress, assembled in joint session, he has given Germany irrevocable notification that the United States will break off diplomatic relations if her illegal submarine campaign is continued.

A note, America's last word, practically an ultimatum and demanding an immediate reply, presumably was in the Berlin foreign office as the president was speaking. It was dispatched previously in accordance with the president's plan to have it before the German government at the same moment he was addressing the American congress.

The president asked no action what ever of congress. He simply informed it of the accumulation of facts proving Germany's assurances to the United States are being violated; that the submarine campaign, despite the earnest protests of the United States, is being conducted with renewed vigor in contravention of all the laws of nations and humanity and that he means to sever relations unless it be brought within the law. Diplomatic history of the world shows that such a course is almost certain to be followed by war.

The president's note and his address to congress are final. They mark the end of diplomatic exchanges. A continuance of the long standing friendly relations, the president made clear, depends alone on Germany's conduct.

MARINES RUSHED TO WIRELESS STATION

Philadelphia April 20.—Three hours after President Wilson had read his ultimatum to Germany before congress a detachment of marines from the Philadelphia navy yard left for Tuckerton, N. J., the site of the powerful German transatlantic wireless station.

The detachment of twenty-six marines from the local yard will be joined by a much larger detachment from the Brooklyn navy yard, it was stated. The marines have been ordered to the point which would be the first to be attacked by the enemies of an open break with Germany.

The Strange Case of Mary Page

The Great McClure Mystery Story, Written by FREDERICK LEWIS, in Collaboration With JOHN T. MINTYRE, Author of the Ashton Kirk Detective Stories

Read the Story and See the Essayay Moving Pictures

Copyright, 1915, by McClure Publications

"I have seen Miss Page on several occasions. The first time was when I saw Mr. Langdon, whom I had known for some years, drive up with a girl beside him in the motor. She seemed to be asleep or only partially conscious. She opened her eyes as I came up, and got unsteadily to her feet, and then I noticed that her heavy veil hid the fact that her face was as pale as some great suffering. After we had given her into the charge of Nurse Walton I took Mr. Langdon into my office, where he told me briefly of Miss Page's attack of madness, and the incidents that had led up to it. While Mr. Langdon was still talking I saw an automobile drive furiously up to my gate and a man leap out. My exclamation drew Langdon to the window and he cried sharply, 'My God! that's James Pollock!'"

"Did you already know who he was?" "Yes, I had heard of him from various men who had been my patients, and Mr. Langdon had already told me that Mr. Pollock was engaged to Miss Page, and also something of how that engagement had been brought about."

"Was Mr. Pollock brought to your office?" "No. I went out into the hall to meet him and took him into the general reception-room. I told him Miss Page's condition necessitated absolute rest for at least twenty-four hours. He became insulting and abusive and accused me of keeping Miss Page a prisoner, so I decided the best thing to do was to let the young lady herself decide whether or not she wanted to see him."

"Did you go at once to Miss Page?" "No, I left Mr. Pollock in the reception-room and returned to my office, where I apprised Mr. Langdon of the situation. Together we went to the room assigned to Miss Page. She was in bed, and seemed comfortable and calm. While I was talking to her, however, finding out a little of her nervous condition, Mr. Langdon, who had been sitting near the door, gave a sharp exclamation and darted out into the hall. Miss Walton the nurse went to the door after him, but before she reached it we could all hear the sounds of a loud altercation. When I reached the scene myself, I found Mr. Langdon barring the way and Mr. Pollock attempting to force himself past to get to Miss Page's room. He declared it to be his right to be with her and said that Mr. Langdon was an interloper, a kidnapper, and a great many other things."

"Did you interfere?" "I did. It took me some time to quiet Mr. Pollock, but he returned to the reception-room eventually, and Mr. Langdon and I hurried back to Miss Page who was very much excited and was crying out that she did not want to see 'James'—or anyone except her mother and Mr. Langdon. She quieted down when we came in, especially after she had been reassured that no one would disturb her."

"Did you give any orders to that effect?" "I did. I told Miss Walton to sit where she could watch the door, and that if James Pollock made any attempt to come down the hall she was at once to ring for help and bar him out."

"Did Miss Walton seem to consider the order unusual?" "Well, not exactly that. She seemed agitated and upset by the name, but knew my question as to whether she envied him. However, as I had always found her trustworthy and a splendid nurse, I paid but little attention to her excitement."

"You say you paid but little attention to her excitement. Did you have any inkling as to what might have caused that agitation?" "Not at the time, but later when Miss Walton told me what had happened, admitting—"

"May I please the court," interrupted the Prosecutor, leaping to his feet. "Dr. Foster is retelling hearsay, and I object to the question of my learned colleague." There was a tinge of satisfaction in his voice at being able to interrupt the famous alienist who was said to know as much of law as of medicine, and the doctor flushed with annoyance. But Langdon showed no discomfiture; there was, in fact, a smile of satisfaction curling the corners of his lips as the judge leaned forward and said slowly:

"Strike out the question beginning, 'You say you paid but little attention to her excitement,' and its answer. Continue, Mr. Langdon."

"That is all, Dr. Foster," said Langdon promptly, and the District Attorney had only one question:

"When Mary Page was brought to your sanatorium, was she not perfectly sane?"

"Temporarily so, but her nervous condition was such that extreme mental suffering was very evident. We doctors have many definitions of that word 'sane,' sir."

"That is all." And as the doctor stepped down from the witness-box with a covert smile, the name of the next witness was called by the bailiff. This was a new player in the vast drama whose every act was seemingly a fresh tragedy, and the reporters whispered the name among themselves as they bent over their copy, striving to place her among the scores who had been drawn into the net flung by the police and Langdon after the strange murder of James Pollock. Her name slipped from lip to lip through the spectators as well and more than one man in the back of the room stood up to stare when the tall brisk woman came confidently from the witness-room and took her place on the stand.

"Miss Gertrude Walton!" She gave her name with gravity, her age with a smile, and her occupation with pride, as "trained nurse."

"Miss Walton," said Langdon, "you specialize in nervous cases, do you not?"

"I do."

"How long have you been doing that sort of nursing?" "For twelve years. I began it by—nursing my sister through a terrible illness when she seemed likely to lose her reason. I have never forgotten her suffering, and I have special skill in nervous cases ever since."

20,000 COYOTES ARE SLAIN

North Dakota Completes Payment of \$50,000 in Bounties.

Bismarck, N. D., April 20.—Twenty thousand coyotes have been slaughtered in North Dakota in a year, according to the bounty statistics given out by Carl O. Jorgenson, state auditor. The auditor has just completed payment of \$50,000 in bounties to the slayers of the coyotes. There was some irregularity in the bounty fund, brought about by a legislative transfer of a portion of the money previously levied for wolf bounty purposes, and that fact was responsible for the inability of the state to make payment for the past year, until the present time, the funds now being available through the collection of new taxes. The state pays a bounty of \$2.50 for each wolf killed.

VON BERNSTORFF URGES QUICK ACTION

Washington, April 20.—Count von Bernstorff, the German ambassador, sent to Berlin a long dispatch interpreting the situation in Washington and making certain recommendations. He is understood to have advised his government that he believed the United States meant just what it said in its submarine note and that something would have to be done quickly if friendly relations were to continue.

The ambassador himself, having read the address of the president and the note, said:

"I can make no comment either upon the address or upon the communication which has been sent to my government."

However, he was authoritatively described as having advised the Berlin foreign office in the message sent that he believed at least some such declaration as that made regarding the conduct of submarine warfare in the Mediterranean sea should be issued immediately to cover all submarine operations.

GENERAL SCOTT GOES TO BORDER

Will Report on Problems Facing Funston.

VILLA PURSUIT IS HALTED

Decision Regarding Withdrawal of the American Troops From Mexico May Not Be Made for a Week or Ten Days—Forces Are in Position to Repel Any Attack.

Washington, April 20.—No decision as to the withdrawal of the American troops from Mexico is expected for a week or ten days unless there are new outbreaks against the forces in Mexico to compel immediate action.

This was made clear when Secretary Baker dispatched Major General Hugh L. Scott, chief of staff, to the border as his personal representative to make a complete report on the military problems confronting General Funston.

Dispatches from the border or from Mexico contain no word of developments changing the situation. The expedition seeking Villa is at a standstill apparently, concentrated at points where General Pershing and General Funston believe they are best protected against whatever may come.

The only messages received, the substance of which were made public were of a reassuring nature. The consular dispatch said General Pershing's desire to change the location of his most advanced base near Parral had met with no opposition by the Carranza military authorities.

State department reports from Chihuahua told of the movement of Carranza troops from that section toward Parral. No explanation was given.

Asserts Villa Is Dead.

Mexico City, April 20.—A dispatch received by the war department from military headquarters in the state of Chihuahua said the telegraph operator at San Antonio, Chihuahua, had reported that the party, which recently disintegrated the body of a man at San Francisco Borja had declared it was that of Francisco Villa and that it would be shipped to headquarters for the purpose of identification.

TO SPEND \$175,000 ON ROAD

Yellowstone County Will Build Section of Famous Trail.

Billings, Mont., April 20.—Yellowstone county has voted \$175,000 bonds for the construction of a gravelled road from its eastern to western extremity, which will become a part of what is known as the Red or Yellowstone trail from the Twin Cities to the Yellowstone National park.

The county commissioners opened bids for the purchase of the bonds and about twenty financial institutions submitted offers. Two Helena banks submitted high bids and the commissioners have decided to accept that of the Montana Trust and Savings bank, which bid par and a premium of \$8,680, or \$183,680 for the entire issue.

Work will soon be commenced and it is expected that by fall Eastern tourists will have one of the finest roadways in the West. Several other counties, notably Sweet Grass and Park, are making preparations for extensive work on the same route.

COACHES REMAIN ON TRACK

Engine, Tender and Baggage Car Goes Into River.

La Crosse, Wis., April 20.—Burlington passenger train No. 58 plunged into the Mississippi river at De Soto, Wis.

Heavy rains, combined with the high water of the last fortnight, caused the long earth fill over Red Creek bottoms, two and a half miles south of De Soto, to collapse when the train attempted to cross.

The engine, tender and a baggage car went into the slough. The passenger coaches remained on the rails.

In the Bill.

Bacon—Someone said there was something stunning about your wife's new dress. I don't see it. Egbert—Of course you don't. You don't suppose she'd leave the price mark on it, do you?—St. Louis Post-Dispatch.

THEODORE F. BURTON.

Asserts Intervention in Mexico Is Necessary.

Photo by Edmonston, Washington.

Theodore F. Burton, formerly United States senator from Ohio, declares that intervention is now the only way to solve the Mexican problem. The American people, he says, cannot allow Columbus to go unavenged.

FORD WINNER OF NEBRASKA VOTE

Omaha, April 20.—Henry Ford has received the preferential vote for president of Nebraska Republicans, according to returns received, with Cummins and Hughes following and nearly tied. All men elected as delegates-at-large to the Republican national convention personally favor Hughes.

William J. Bryan, candidate for delegate-at-large to the Democratic national convention, polled the lowest vote of the seven men running in this county and is apparently fourth in the race in his home county.

Woodrow Wilson was opposed for the Democratic nomination.

MOB TRIES TO WRECK PLANT

Village Under Martial Law Is Result of Riots.

Hastings-on-Hudson, N. Y., April 20.—Martial law was declared within the limits of Hastings village and state troops were called on after rioting had assumed serious proportions among strikers of the National Conduit and Cable company.

A mob attacked the company's plant with bullets and stones.
